

Victory Awning

Standing Seam Awnings

Powder Coated Aluminum and Steel Construction

VAI Commercial Metal Systems are permanent all weather structures manufactured from heavy extruded aluminum and steel components.

Powder coated specialty metals- baked on factory finishes provide years of uninterrupted service.

Windows, doors, entryways, walkways, carports, patios and covered areas designed to fit your particular needs.

Ideal for all commercial & public uses.

Various styles, shapes and colors to choose from.

Architectural accents and designs that add character to any building.

"It's not just your awning, it's your image."
